(54) MELANIN GENERATION SUPPRESSER AND  
PREPARATION FOR EXTERNAL USE FOR SKIN

(57) Abstract:

PROBLEM TO BE SOLVED: To obtain a new safe melanin generation suppresser and preparation for external use for skin.

SOLUTION: The melanin generation suppresser and preparation for external use for skin are each compounded with one or more kinds selected from an extract of BOTANNPI (root of Paeonia moutan), an extract of Saxifraga stolonifera and milk serum, and further with an extract of one or more kinds of plants selected

from oolong, pueraria, Artemisia capillaris, Sophora angustifolia, soy bean, Humulus lupulus L., BOTANNPI and Saxifraga stolonifera, or one or more kinds selected from milk serum, N-acetyltyrosine and derivatives of N-acetyltyrosine. This preparation for external use for skin have excellent melanin generation suppressing effect, effect for alleviating spots and freckles, and beautifying effect. Further, it can improve xeroderma and give gloss or tension to the skin. Further, the melanin generation suppresser can be applied to common drinks or foods besides the preparation for external use for skin.
